

FELLOWSHIP CHURCH INCLEMENT WEATHER POLICY

As we prepare for winter, we need to be mindful of the changing temperatures and severe conditions that are associated with winter. We want to make sure that everyone can enjoy the fellowship and activities of the season safely. Please read the following details regarding our inclement weather policy carefully.

SUNDAY INCLEMENT WEATHER SCHEDULE

During inclement weather, while we may need to cancel our 9am Equipping Hour, it is our intention to have a worship service for those who can attend. This is not to encourage anyone to risk travel during dangerous conditions, but rather acknowledge that local weather patterns often times vary significantly between local neighborhoods. The decision to follow the Inclement Weather Schedule will be made by the church staff. When the decision is made to follow the Inclement Weather Schedule, we will follow specific procedures to communicate the change as early and as effectively as possible.

The Inclement Weather Schedule will be as follows:

Equipping Hour 9AM – will be cancelled

Sunday Morning Worship – 10:30AM

Please note: There will be no Pre-Worship and/or Post-Worship Fellowship refreshments when we are worshipping on an Inclement Weather Schedule.

WEEKDAY SCHEDULES

All church ministry weekday schedules will follow the inclement weather schedules of the Dallas Area School District. While we understand many of our fellowship live in other school districts, this will provide consistency to the process, as well as reduce the potential for confusion. The schedule will be as follows:

If Dallas Area School District:

- 1). *cancel school, then:*** All morning and evening activities will be cancelled.
- 2). *has a morning delay, then:*** All morning activities will be cancelled.
- 3). *has an early dismissal, then:*** All evening activities will be cancelled.

Please note that if there are no cancellations or changes in services or activities, it will not be communicated. We will only announce when there are cancellations. Thank you for your continued cooperation as we seek to preserve your safety this winter.
